

DEPARTMENT OF BENEFIT PAYMENTS

March 5, 1974

ALL-COUNTY LETTER NO. 74-40

• TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: 1973 AFDC STUDY--FOLLOW-UP SURVEY

REFERENCE:

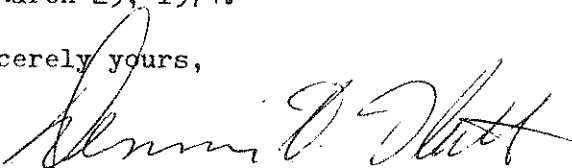

The Department of Health, Education and Welfare is conducting a brief nationwide follow-up to the 1973 AFDC Study. The participating states in the 1973 study have been requested to provide data for the follow-up survey.

The original sample cases selected for the 1973 AFDC Study are being returned to those counties which participated in the earlier study for additional data on the sample cases which were discontinued during calendar year 1973. The purpose of the follow-up survey is to obtain specific demographic, program, and financial data on discontinued cases that will allow a comparison of cases that have been discontinued with those that remain open.

The first page of the follow-up schedule is the original first page of the previously completed 1973 AFDC Study Case Record Schedule for Eligibility Workers. This page already contains all identifying information for each sample case. Attached to it is the page containing the follow-up items to be completed for discontinued cases.

Please complete the schedules for the applicable discontinued cases, and return them with those not requiring additional data to the Program Information Bureau by March 29, 1974.

Sincerely yours,

DENNIS O. FLATT
Deputy Director
Welfare Program Operations
